## Personal Profile

---

Creative Frontend Developer with a strong IT Support background, passionate about building dynamic user interfaces and solving problems. Since starting to code in 2023, I've developed real-world projects, supported 1,000+ students, and thrive in collaborative environments.

## Experience

---

### Frontend Developer Internship | [Certificate](#) | [Website](#)

Feb 2025 – March 2025

Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment.

### Frontend Developer Support

Sep 2023 - Current

Frontend Simplified

- Supported 1,000+ students with HTML, CSS, JS, and React.
- Debugged complex issues using Chrome DevTools.
- Simplified topics like responsive design and API handling.

### Village Bakery

Jan 2024 – Current

IT Technician – Applications & Data

- Support and maintain EDI systems, ensuring smooth data flow across applications.
- Resolve service desk tickets for networking, hardware, and factory devices.
- Provide IT support for factory machinery like scanners, scales, and printers.

## Projects

---

### Netflix Clone | [Website](#) | [GitHub](#)

- Created a fully responsive movie app with XYZ functionality (e.g. Google Sign-In, Filter System, Pagination)

### Spotify Clone | [Website](#) | [GitHub](#)

- Created a fully responsive Spotify Clone with playback capabilities, playlists and skipping track functions.

### Gemini Clone | [Website](#) | [GitHub](#)

- Created a fully responsive Gemini Clone using Google's Gemini API to send requests to and get responses to the user's prompts.

### Library – E-Commerce Site | [Website](#) | [GitHub](#)

- Created a fully responsive bookstore app with a shopping cart and filtering option for rating, price etc.

## Education

---

### BTEC Level 3 Advanced Diploma in Information Technology

Sep 2014 – July 2016

Grade - MMP

### Frontend Developer Bootcamp

Sep 2023 – Mar 2024

Frontend Simplified
